Dear Dealers,

To those of you who are attending this year's RCC Spring Coin and Stamp Show, the Club's Board of Directors extends its sincere thanks for your support.

To those of you who for whatever reason were unable to make this upcoming Show, we express our hopes that you will be able to attend our Fall Show, October 22nd. and 23rd. at the Hotel Saskatchewan.

Plans for the Spring Show are developing extremely well, and we are hoping for our most successful event of this nature to date. Certainly we have a record number of dealers intending to be there, and we are currently putting into effect our most expensive publicity campaign, with a total budget that is in the order of \$500.

As far as the general public is concerned, YOU can help us attract visitors from amongst your regular customers as well as from amongst strangers.....we do ask you to put the large posters as well as the sheets of small mini-posters (the sheet can be cut up so that individual mini-posters can be readily posted to your 'inaccessible' customers or handed to people whom you see regularly) to effective use. Please don't just leave them lying around doing nobody any good !

We urge you to check your timetable of Fall Shows before you travel into Regina later this month, for you'll note that we are offering tables at our October Show at the same prices as for the Spring Show provided payment is made before the end of this month. Thereafter, price increases will be put into effect....the three main reasons for the latter action are : i) to enable us to devote more money to advertising the Shows, ii) to try to ensure that the Club can afford to hold its Fall Show, at least, at the elegant and - more importantly - large, well lit Hotel Saskatchewan's Regency Ballroom, and iii) to bring our table fees somewhat closer to those charged by other similar organizations for comparable, often less well attended (by the public) shows. The Board of Directors hopes that those of you who have been regular RCC Show attendees over the past few years will have seen a marked improvement in the way the Club runs its Shows....we intend to continue this trend, especially as we have the 1985 CNA Convention very much in mind, and are trying to build up public awareness towards this auspicious occasion.

Dealers coming to our Show later this month are reminded that back-up tables will not be provided, so they should bring their own, preferably narrow tables if these are required; also extension chords, of which the RCC has only in limited quantities.

We look forward to seeing you soon.

Yours sincerely, *Chris Gilboy*

We, the Directors and Members of the Regina Coin Club, at our Regular Meeting held on the 18th. February 1983 attended by members and guests, unanimously passed the following resolutions :
